About our event and audience

Our Youth Awards is more than just an event, it's a night that celebrates the heart and spirit of Warrington's young people.

Surrounded by their families and friends, these incredible young individuals take centre stage as we honor their achievements, courage, and determination. And we want you to join these celebrations.

Last year our event brought together 201 guests, 133 of which were from the regional business community. The breakdown of the attendees is to the right.
